**SUBJECT: Notice of construction – Berkshire Heights Sanitary Sewer
Henning, Helmut, Olmar, and Howard Drives – Lateral markings**

Dear Resident,

This letter is to notify you that in addition to the pavement cutting beginning on 10/19/20, on Henning Drive, Helmut Drive, Olmar Drive, and Howard Drive, surveyors will be in the neighborhood placing survey stakes with pink/red tape in the right-of-way in front of your home.

This stake will mark the location where the lateral sewer line from your home will eventually tie into on the sewer line running along the road. Please do not remove these stakes, there will be one stake per parcel along the streets noted above. We ask that you look at the marked location and contact this office if you would like to have the tie-in location elsewhere along the front of your parcel. Reasons to move the location may be because of trees, obstructions, or other concerns.

The surveyors will be conducting their work for about two weeks from 10/19 to 10/30. We are more than willing to meet with you onsite to discuss this. To schedule please email our office at info@gcdwr.org or call (440) 279-1970 and leave a message with our Administrative Assistant.

Respectfully,

Brien Croff
Project Engineer
Gauga County Department of Water Resources
