2nd NOTICE

Commercial Sewer Accounts – Pre-Treatment Compliance Update

- All business, commercial or industrial sewer accounts must comply with Chapter VI Pretreatment and/or VII General Provisions for Fats, Oil, and Grease (FOG) of the GCDWR Rules & Regulations, which can be found at:

https://www.gcdwr.org/index_htm_files/Rules%20and%20Regulations%202015.pdf

- GCDWR has mailed out questionnaires and conducted site visits to multiple business/commercial establishments over the past four months as part of the Pretreatment and FOG program. The majority of accounts have responded.
- **To date 43 business/commercial (to include food service establishments) accounts have not responded and are subject to the fine noted below.**
- Effective with the DEC/JAN billing cycle, noncompliant accounts shall be assessed a fine of \$100.00 per month, or portion thereof, until compliance is achieved. The statements were mailed out to customers on 2/3/20.

Please contact Mr. Ronald Walker at 440-279-1976 or ronw@gcdwr.org should you have any questions or require assistance. All necessary forms can be found on the GCDWR website. The questionnaire can be found at:
