

GEAUGA COUNTY BOARD OF COMMISSIONERS

James W. Dvorak Timothy C. Lennon Ralph Spidalieri

DEPARTMENT OF WATER RESOURCES (GCDWR) • Steven Oluic, PhD, Director
470 Center Street • Building 3 • Chardon, Ohio 44024-1068

PUBLIC NOTICE

November 20, 2020

The Geauga County Department of Water Resources (GCDWR) is seeking qualification statements from firms to provide planning, design, all construction and construction related permit documents (including all EPA permitting) and Construction Management Services for the McFarland Wastewater Treatment Plant Renovation and Upgrade Project (2001) to meet the requirements of an EPA Region V consent order agreement.

The renovation and upgrade centers on improving and/or increasing plant (1) sewage treatment capacity, (2) equalization tank storage, (3) influent pit receiving capacity, (4) septage receiving capacity, and (5) effluent treatment processes to meet its NPDES permit discharge limits and comply with the consent order agreement. Currently, the WWTP uses membrane technology, however, design options should include other processes such as extended aeration processes. There are several plant structures requiring repair and/or rehabilitation that will be included in this project.

McFarland WWTP is located at 17630 Chagrin River Road, in Bainbridge Township, Geauga County. Firms interested in providing the above services may obtain the Request for Qualifications (RFQ) on the GCDWR website www.gcdwr.org. A copy of the RFQ may also be obtained at the GCDWR office, 470 Center St., Bldg #3, Chardon, Ohio 44024.

STATEMENTS OF QUALIFICATIONS MUST BE SUBMITTED at the GCDWR office, 470 Center St., Bldg #3, Chardon, Ohio 44024, Attention Steven Oluic PhD, BY NO LATER THAN 4:00 PM local time January 22, 2021. Each response shall contain the full name of every person and company interested in the same and must be sealed in an envelope and endorsed with the identification of the appropriate contract as more particularly described in the RFQ.
