BID FORM REQUEST

P1802 – AQUILLA WWTP IMPROVEMENTS

Aquilla Village, Claridon Township

WWTP Description: Aquilla WWTP is located at 202 Cornelia Drive, in Aquilla Village, Claridon Township, Geauga County. The WWTP has a design treatment capacity of 70,000 gpd and has average flow of approximately 10,000 gpd. The plant was constructed in 1981 and consists of an influent lift station, two aerated treatment lagoons in parallel, overland flow system draining to a sump, followed by a disinfection tank that includes chlorination feed and dechlorination, post-disinfection aeration, and lift station to final discharge.

Scope of Project: The project includes, but is not limited to; the removal, dewatering and disposal of sludge, the replacement of the existing lagoon liners (~ 85,000 sq ft or 2 acres), the replacement of existing system valves, replacement of effluent disinfection, addition of an effluent flow meter, replacement of overland flow above-grade piping, valves and supports and associated electrical work.

Bid Form Request Procedure: In order to become a registered bidder for or receive an approved project Bid Form and be added to the Plan Holder Listing for this project, this form shall be completed and submitted by any of the identified delivery methods. Upon receipt of a completed form a PDF of the Bid Form will be sent to the provided email address'. Confirmation of Receipt may be requested to confirm delivery. The Bid Form may also be picked up at the Department Office by completing and delivering this form.
